## Description

Return to Top of Page

An interactive session to help staff nurses reflect on how they implement the Professional Practice Model on their respective nursing units.

## Learning Objectives

Return to Top of Page

At the conclusion, participants should be able to:

1. Review practice models, past and present, and their impact on patient care.
2. Discuss comfort theory and patient and family centered care as frameworks for care delivery.
3. Explain the relationship between professional development and evidence-based practice.
4. Describe how communication and collaboration is facilitated on your unit.
